CHESTERFIELD COUNTY

2021: Youngkin: 51.76%

ABOUT CHESTERFIELD CO.

Chesterfield is the fourth most populous county in the state, so it's an important one to flip this year!!

We know there are Democrats here, but too many of them think they're the only one and don't bother to vote.

But if we can convince them their vote matters and get them to show up, WE WIN!

Chesterfield Co. surrounds Richmond on the south and west.
